

NEXT STEPS

Congratulations on assembling all of your game materials! Here are the next steps:

1. Visit “Host Your Game”

[Host Your Game](#) has links to the Digital Game Portal, sound/visual effects, and more. Download the Game Day Checklist for instructions on setting up your game room.

2. Try a Test Game

If using the Digital Game Portal, use the [Demo Test Game](#) to familiarize yourself with the script and game controls. Practice a mock run-through with your helpers.

If not using the Digital Game Portal, review your printed script and materials and then practice a mock run-through with your helpers.

3. Send Feedback

We would love to hear about your experience! After your game, please complete our [5-minute survey](#). Your feedback will help improve the Extreme Event Game.

Questions? Contact us at ksm@nas.edu or call (202) 334-1201.
